WORK EXPERIENCE

Jo-Ann LAP | Freelance Designer

[2023 - now] Amsterdam, NL

Self-employed graphic designer based in Amsterdam.

- Focussed on graphical work (brand identities, motion graphics, illustration and 3D modelling)

Fong Food | Sales employee

[2017 - now] Amsterdam-Zuidoost, NL

Fong Food is a Chinese-Surinamese sandwich shop, runned by my parents in hartje Bijlmer since 2013.

- Serving customers behind the counter preparing Chinese-Surinamese sandwiches and meals
- Focus: food prepping, inventory check, branding and visual communication

The New Originals | Graphic Design intern

[2024] Amsterdam, NL

Amsterdam based streetwear label focussed on developing performance clothes for creatives

- Contributed in various event graphics, supported the marketing team in graphical content for socials, mailing and webshop.
- Launched two products for different collabs and releases
- Experienced developing with techpacks and working with manufacturers

Silo Agency | Interaction Design intern

[2020-2021] Den Haag, NL

Dutch agency focussed on spatial design within the public sector based in The Hague.

- Got introduced to spatial design, applied field research in several public buildings
- Contributed making web designs for institutes
- Assisted conducting usability-test at DEPOT Museum

Jaaf Design | Interaction Design intern

[2020] Amsterdam, NL

Amsterdam based information design agency. Turning complex information into visual designs.

- Contributed doing web designs for clients within the public sector
- Illustrative work supporting infographics and web designs
- Infographical work

➤ **ADDITIONAL EXPERIENCE**

Student Asisstant | Amsterdam University of Applied Sciences (AUAS) [2019-2020]

As a student at AUAS, I supported students from Communication and Multimedia Design study by providing feedback and guidance on course content.

- Assisted professors grading first-year students for project assessments
- Supported with feedback and technical support during web development course
- Helping out during the introductory week of first year students

EDUCATION

Amsterdam University of Applied Sciences (AUAS)

[2018 - 2022] Bachelor of Applied Science

Communication and Multimedia Design

CMD is a multidisciplinary study focussed on developing digital products, UX/UI design and interactive technologies. My focus shifted throughout the studies, from web development to UX design.

Amsterdam University of Applied Sciences (AUAS)

[2021] Minor Applied Game Design

Explored a new niche within design through this minor. Learned applying game design principles and theories, building games in C# and Unity. Had my first introduction with 3D modelling in Blender and developed my own assets.

Wismon Onderwijsinstituut [2019-2020]

Partial certificate for mathematics (analysis and geometry)

To meet the admission requirements for university, I completed a certificate in Mathematics analysis and geometry at the Dutch VWO (pre-university) level.
